### PLATINUM ANKLE BRACE RECOMMENDED SHOE LIST

Not all shoe types are appropriate for you now that you wear a Platinum Ankle Brace. To assist you in your search for comfortable, suitable footwear, we have provided you with a recommended list of shoe brands and styles.

You may find it helpful to take this list with you when you visit your local orthopedic shoe store. Because of the unique nature of your foot, shoe size, and ankle brace prescription, please remember that this is only a "suggested" list; not every shoe may be suitable, comfortable, or available.

We encourage you to consult with someone with a high level of competency in proper orthopedic shoe types and fit. Please speak with your prescribing physician if you have questions.
